

LIVECOOK[®]

THE MOST RELIABLE TECHNOLOGY

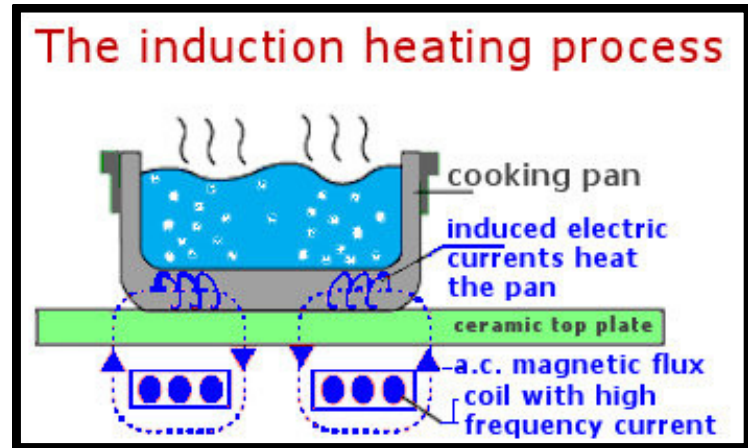

www.livecook.in

INDUCTION TECHNOLOGY

Electricity is used in induction heating to create a magnetic field that causes currents to flow through atoms in the cooking vessel. The vessel heats up as a result of the atoms' movement, cooking the meal.

Benefits of Inductions Cooking

- Flame free & Toxic free kitchen
- Cool kitchen & use Friendly
- 60% cheaper than L.P.G
- Instant control on Temperature
- Highly Efficient & Eco Friendly
- Auto pan detection
- No overheated surface, hence absolutely safe on oil spill
- Efficiency 90%
- It's suitable for all types of cooking
- It reduces the risk of injuries and illness
- Exhaust hood and fresh air circulation can be reduced
- 12 months warranty
- On site services will be provided after sales

We are an acclaimed entity in this domain engaged in executing quality oriented service for Commercial Induction Backed with highly advanced business set-up and experienced professionals, we aim in providing utmost satisfaction to clients with highly effective induction work. Our service is mostly preferred by the clients owing to its hassle free completion of tasks and quality centric approach.

Why Choose Livecook

- Customization Possibility
- Pan India Sales And Service
- Durable & Reliable
- Easy to operate
- 12 Months warranty
- Prompt after sales service

Since
2014

Livecook Self Ventilation System

- Dimensions: 1025X700X650+400 MM
- It Comes With Replaceable oil & smoke Filters
- Easy to self clean and maintain
- Customization Possibility

Live cooking has always been fascinating, however has its limitations especially indoor environment.

Thanks, to LIVECOOK, its cutting edge technology and design has enhanced the possibilities and opened new horizons of live cooking while maintaining smoke-free and odourless surroundings.

LIVECOOK recycle the cooking fumes and vapours into odourless fresh air its compact and stylish design is functional yet saves lot of space as it has an inbuilt ventilation system, a two door under counter freezer, a cook top and a serving counter," it is indeed a revolution"

Advantages

- Indigenous, affordable and customizable.
- Durable, Reliable & Portable
- Ultimate solution for new age banqueting and catering.
- Live cooking with smoke free and odour less surrounding.
- No big chimneys, ducting or fresh air infusion system required.
- Maximum output in minimum space.
- Optional Inbuilt refrigeration, freezer, hot & cold bain-marie.
- Functional inbuilt sink without external water connection required.

TABLE TOP INDUCTION

Table Top Induction Cooktop

Dimensions:340X400X120 MM
Body Material: Stainless Steel
Power: 3.5 KW
Suitable Up to: 35 L
Weight: 7 KG
Warranty: 1 Year

*LC-TTS (3.5 KW)

USAGE:

TEA MAKING

MAGGIE MAKING

PASTA MAKING

Table Top Heavy Induction Wok

Dimensions:420X470X240 MM
Body Material: Stainless Steel
Power: 3.5/5 KW
Weight: 8.5 KG
Warranty: 1 Year

*LC-TTW (3.5/5 KW)

USAGE:

NOODLE MAKING

MANCHURIAN
MAKING

STIR FRYING
MAKING

Table Top Heavy Induction Cooktop

Dimensions:420X520X180 MM
Body Material: Stainless Steel
Power: 5 KW
Suitable up to: 40 L
Weight: 8.5 KG
Warranty: 1 Year

*LC-TTH (5 KW)

USAGE:

GRAVY MAKING

MAGGIE MAKING

RICE BOILING

Table Top Heavy Fryer

Dimensions:550X530X300+100 MM
Body Material: Stainless Steel
Power: 5 KW
Capacity: 12 Ltr
Weight: 12 KG
Warranty: 1 Year

*LC-TTF (5 KW)

USAGE:

FRIES MAKING

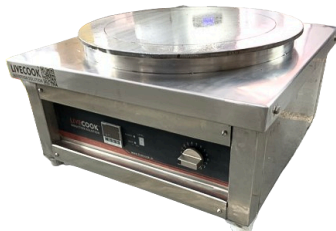

FRIED CHICKEN
MAKING

ALOO PATTIES
MAKING

Table Top Heavy HotPlate

Dimensions:530X530X260 MM
Body Material: Stainless Steel
Power: 5 KW
Weight: 22 KG
Warranty: 1 Year

BUILT IN INDUCTION

Induction warmers are often used in commercial kitchens, delis, cafeterias, and quick-service restaurants. They are ideal for keeping food hot and ready to serve for several hours.

- All stainless steel body
- It Comes with controller
- Use for Commercial Cooking

USAGE FOR
BUFFET

Built in Warmer(Flat)

*LC-BIWR (1.5KW)

Dimensions:340X340X90 MM
Cut out Size: 325X325 MM
Body Material: Stainless Steel
Power : 1.5 KW
Weight: 2 KG
Warranty: 1 Year

Built in Induction(Wok)

*LC-BIW (5KW)

Dimensions:400X400X250 MM
Cut out Size: 400X400 MM
Body Material: Stainless Steel
Power: 5 KW
Weight: 7 KG
Warranty: 1 Year

USAGE:

NOODLE MAKING

MANCHURIAN
MAKING

STIR FRYING
MAKING

Built in Induction(Flat)

*LC-BIF (5KW)

Dimensions:350X350X140 MM
Cut out Size: 340X340 MM
Body Material: Stainless Steel
Power: 5 KW
Weight: 5 KG
Warranty: 1 Year

USAGE FOR
COOKING:

OMELET MAKING

MAGGIE MAKING

PASTA MAKING

HEAVY BULK INDUCTION RANGE

Standing Bulk Cooker

*LC-STH-5 (5 KW)

Dimensions: 600X600X600+100 MM

Capacity: 50 Liter

Body Material: Stainless Steel

Power: 5 KW

Warranty: 1 Year

Standing Bulk Cooker

*LC-STH (10, 15 KW)

Dimensions: 700X700X600+100 MM

Capacity Up to: 100, 150 Liter

Body Material: Stainless Steel

Power: 10/15 KW (3 Phase)

Warranty: 1 Year

WITH WATER
INLET

*LC-STP (10,15 KW)

Standing Induction Stock Pot

Dimensions: 700X700X600+750 MM

Capacity up to: 100, 150 Liter

Body Material: Stainless Steel

Power: 10/15 KW (3 Phase)

Warranty: 1 Year

STAND ALONE INDUCTION UNIT

Standing Induction Wok

*LC-STHW-5 (5 KW)

Dimensions: 700X700X850+100 MM

Body Material: Stainless Steel

Power: 5 KW

Kadai Size: 21 inch

Warranty: 1 Year

With Digital Temp Control

Standing Induction Wok

*LC-STHW-10 (10 KW)

Dimensions: 750X750X850+100 MM

Body Material: Stainless Steel

Power: 10 KW (3 Phase 380-440V)

Kadai Size: 24 Inch With Digital Temp Controller

Warranty: 1 Year

Standing Induction Wok

*LC-STHW-15 (15KW)

Dimensions: 900X900X850+100 MM

Body Material: Stainless Steel

Power : 15 KW (3 Phase 380-440V)

Kadai Size: 27 Inch With Digital Temp Controller

Warranty: 1 Year

Standing Induction Wok

*LC-STHW-20 (20KW)

Dimensions: 1050X1050X850+100 MM

Body Material: Stainless Steel

Power : 20 KW (3 Phase 380-440V)

Kadai Size: 30 Inch With Digital Temp Controller

Warranty: 1 Year

Standing Induction Double Fryer

*LC-STFR (5 KW)

Dimensions: 450X600X850+100 MM
Body Material: Stainless Steel
Power: 5 KW
Oil Capacity: 12 LTR
Warranty: 1 Year
With Digital Temp Control

Standing Griddle

*LC-STG-5 (5 KW)

Dimensions: 900X600X850+100 MM
Body Material: Stainless Steel
Tawa Size: 600X450 MM
Power: 5 KW
Warranty: 1 Year
With Digital Temp Control & 3 Gn Pans

*LC-STG(10, 15 KW)

Standing Griddle

Dimensions: 900/1200X700X850+100 MM
Body Material: Stainless Steel
Tawa Size: 1000X600/800X600 MM
Power Consumption: 10/15 KW (3 Phase 380-440V)
With Digital Temp Controller
Warranty: 1 Year

Induction Batch Fryer

*LC-IBF-15 (15 KW)

Dimensions: 1200X750X850+100 MM
Body Material: Stainless Steel
Power: 20 KW (3 Phase 380-440V)
With Digital Temp Controller
Warranty: 1 Year

STANDING INDUCTION BURNER RANGE

2 Burner Induction Range

*LC-STF2 (5 KW)

Dimensions: 900/1200X600X850+100 MM
Body Material: Stainless Steel
Power: 5+5 KW
Comes With Cabinet storage
Warranty: 1 Year

3 Burner Induction Range

*LC-STF3 (5KW)

Dimensions: 1500X600X850+100 MM
Body Material: Stainless Steel
Power: 5 KW X 3
Warranty: 1 Year

4 Burner Induction Range

*LC-STF4 (5KW)

Dimensions: 900X900X850+100 MM
Body Material: Stainless Steel
Power: 5 KW X 4
Warranty: 1 Year

6 Burner Induction Range

*LC-STF6 (5KW)

Dimensions: 1500X900X850+100 MM
Body Material: Stainless Steel
Power: 5 KW X 6
Warranty: 1 Year

Induction Tilting Bratt Pan

Dimensions: 1700/1350X900X950/1100MM

Capacity: 100/150/200 Ltr

Power: 10 KW / 15 KW / 20 KW

Material: SS 304

With Digital Temperature Controller

Induction Tilting Boiler

Dimensions: 1050/1200/1350X950X950/1050 MM

Capacity: 100/150/200 Ltr

Power: 10 KW / 15 KW / 20 KW

Material: SS 304

With Digital Temperature Controller

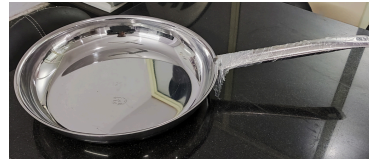

LIVECOOK INDUCTION COOKWARE RANGE

Carbon Steel Chinese Wok

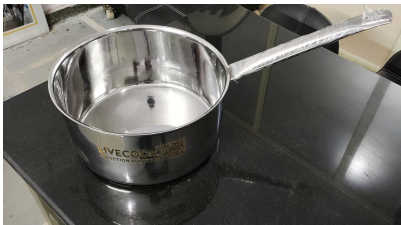

Diameter: 14 Inch
Body Material: Stainless Steel
Wooden Handle
Induction Base
100% Quality Guarantee

Induction Base Fry Pan

Diameter: 8, 10, 12 Inch
Body Material: Stainless Steel
Pipe/Wooden Handle
Induction Base
430 Food Grade
100% Quality Guarantee

Induction Base Sauce pan

Diameter: 8, 10, 12 Inch
Capacity: 8, 10, 12 LTR
Body Material: Stainless Steel
Pipe/Wooden Handle
Induction Base
SS 430 Food Grade
100% Quality Guarantee

Induction Base Flat Kadai

Diameter: 14, 19, 24 Inch
Capacity: 12, 16, 22 LTR
Body Material: Stainless Steel
Induction Base
SS 430 Food Grade
100% Quality Guarantee

Induction Base Patila

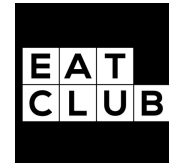

Diameter: 15, 15.7, 18, 20.75, 22.5, 25.5 Inch
Depth: 8.6, 9, 9.8, 11.5, 13.25, 14.5 Inch
Capacity: 25, 30, 40, 60, 85, 125 LTR
Body Material: Stainless Steel
Jointless
Induction Base
SS 430 Food Grade

Induction Base Jalebi Kadai

Diameter: 16, 18, 20, 22, 24 Inch
Depth: 3, 3.25 Inch
Capacity: 5, 8, 10, 12, 14 Ltr
Body Material: Stainless Steel
Induction Base
SS 430 Food Grade
